

Entrepreneurship in schools: using green economy as context (Bulgaria)

Draft Programme

DATE	TIME	ACTIVITY and LOCATION
Sunday 2nd September 2018		Arrival of course participants in Sofia. Accommodation in Sofia.
Monday 3rd September 2018	09:30	Departure from Sofia to venue, Deshka outdoor educational centre.
	11:30	Arrival of participants at the venue Welcome lunch and briefing
	14:30	Arriving and Connecting
	17:00	Our course will start by exploring the environment around our accommodation, sharing expectations and building a community of practice. We will start asking ourselves ‘what makes for good entrepreneurship education?’
Tuesday 4th September 2018	09:00	Identifying the system challenges of the world today
	12:30	We will start by investigating different human systems e.g. industrial practices (including energy, transport and waste, e.g. for the food industry), humanity lifestyles, the concept of happiness. We will develop linear models describing our world.
	14:00	Identifying how nature works
	17:00	We will explore how nature offers effective solutions for human sustainability using simple games outside, and see how nature’s solutions can be used to create new business ideas.
	19:30	Introduction to Bulgarian Traditions and Culture

DATE	TIME	ACTIVITY and LOCATION
Wednesday 5th September 2018	09:00 12:30	What can nature teach us? We will investigate how nature is inspiring business to become more sustainable with concepts such as Biomimicry, Cradle-to-Cradle and the Blue Economy. We will be looking at different case studies linked to the system challenges identified earlier.
	14:00 17:00	What are the values we hold and why does it matter? Values directly influence how we behave and the sort of economy we develop. A practical session exploring how entrepreneurial learning can be used to develop behavioural change. This will be based on the Common Cause Research which will be introduced during the session.
	17:30	Cultural visit – the Church in Dobarsko
Thursday 6th September 2018	09:00 12:30	What is design thinking? Introduction to design thinking. What is it? How does it happen? What is the process? What are the changes we want to see in the world and what entrepreneurial innovations we need to design for the future?
	14:00 15:00	Sharing our Work Please bring five images and/or objects which describe your work and how you use (or would like to use) entrepreneurship for learning.
	15:00 17:00	Developing and entrepreneurial idea for change We will explore the steps in developing and entrepreneurial ideas are part of learning. We will reflect on which we can use to improve our own deliver of entrepreneurial learning.
	19:30	Bulgarian folk evening
Friday 7th September 2018	09:00 13:00	Planning Entrepreneurial Education Programmes We will complete the course by making our own plans based on our learning. We will also reflect on how we can deliver curriculum goals through entrepreneurial learning.
